

EXECUTIVE PROFILE

Piercarlo Ravasio • CEO, Akhela & Chief Technology Officer

Piercarlo Ravasio holds a degree in electrical engineering and has held various management positions in the IT sector in Italy and abroad. Ravasio comes to Solgenia (formerly Akhela) having worked with various venture capital firms and possesses extensive general and executive management experience. In particular, Ravasio focused and aligned the research programs to overall business strategy, and as such, possesses a broad working knowledge in the areas of business development, and research & development.

Prior to Akhela, he held senior level executive roles including Head of Business Development at Syntek Capital, Director of Research at Olivetti, Finmeccanica/Elsag, and Italtel. Throughout his career, Ravasio has been involved in the development of new products and technologies in the areas of Internet technology, Internet protocol, intelligent and connected appliances, semiconductors, Internet transactions, electronic books, advanced control system, and recognition systems.

In addition to authoring many publications, Piercarlo Ravasio is a sought after public speaker and has often been asked to appear as a lecturer at several Italian universities speaking on issues relating to the impact of social, technology, and economics on mobile devices and applications, as well as business management issues.
